

Steven D. Hofener, P.E., PTOE, Principal

EXPERIENCE

Mr. Hofener is a principal of Traffic Engineering Consultants, Inc. He has 32 years of extensive experience in the field of Transportation Engineering and Planning. Mr. Hofener holds a Bachelor of Science Degree in Civil Engineering from Oklahoma State University and a Masters of Engineering in Transportation from Texas A & M University. He is a registered Professional Engineer in the states of Oklahoma, Texas, Arkansas, Missouri and Kansas.

Mr. Hofener has worked for the Oklahoma State Highway Department in Rural Design and Urban Design. He worked for both the Texas Transportation Institute (a nationally known transportation research branch of Texas A&M University) and the Texas Engineering Extension Service (a professional engineer teaching branch of Texas A & M). Mr. Hofener has published several articles in the transportation field.

Mr. Hofener worked for the City of Oklahoma City for five years as a Traffic Engineer. The last three of those years he served as the Chief Traffic Engineer. He has dealt extensively with planning commissions, traffic commissions and city councils. His experience with Oklahoma City includes specification writing, traffic operations, signal design, signal timing, citizen response, and computer signal control.
